

Your holiday oasis in the Alps

Our logo what lies behind it

The Alpen-Karawanserai is the modern interpretation of an old resort concept that originates from the Orient. However, since the middle ages, there have been parallels with the concept along the old Samerwege in Salzburg. Caravanserais (Karawanseraien) are places to journey through and to retreat. They are places to meet and communicate as well as relaxing oases.

Our logo combines the camel on one side as the representative of the wilderness and caravanserais with the deer antlers on the other side, which stand for the tradition of the Alps. What is created is a mythical creature – almost a camel deer or deer camel.

Welcome to real time

Feeling good? That is an unspectacular, quiet feeling. The best way is to just sit still and forget time.

Everything is there and everything is good. Now your holistic wellness break at the Alpen-Karawanseraai can begin.

Time Design – shaping time

Time is of particular importance at the Alpen-Karawanserai – for true moments of happiness are always experienced in the here and now. Wouldn't it be great to remove yourself from time for a while?

It's quite simple: Give yourself a new experience and use the watch of time. For the duration of your stay, create a new perception of time. All activities and moments are aimed at allowing you to enter the microcosm of the Alpen-Karawanserai as quickly as possible – where it is not only time that runs differently, relaxation also feels more effective. The result is known as „time design“: Shaping time within time. More valuable time for yourself – in the vacation time available to you!

Time out Time to dream

Salt was once known as „white gold“. Spices were weighed in diamonds. The names of our rooms and suites are reminiscent of these precious items – and the trading paths which took them around the globe. The precious items that circulate around our hotel today are our guests.

Karawanserai suites:
38 m² Seidenstraße
43 m² Bernsteinstraße
45 m² Goldener Steig
60 m² Königsstraße

Double rooms:

30 m² Samerweg
Single rooms:

Enjoy your meal

Treats from the spice bazaar meet regional delicacies. Stimulating, exciting colours, colourful, intense.

Alpen-Karawanserai dishes – a mixture of tradition and modern elements with a touch of the Orient is the best way of describing our kitchen philosophy. We want to enchant our guests with creative combinations.

Where possible, we use regional products with ecological backgrounds. Let yourself be carried away – in a culinary caravan of a truly special kind.

Time to enjoy

In our open space restaurant, our chefs work to create rich warm and cold delicacies for the morning breakfast buffet. To give you a boost between visits to the sauna and spa treatments, we will be happy to welcome you to the wellness and snack buffet in your bathrobe. In the evenings, we serve a top quality six-course gourmet menu with a wide variety, offering specialities from Salzburg to exotic dishes from the Orient. The nuances between the two are there for all to see and enjoy. To accompany this, we serve the finest drops from Austrian wine culture.

Time for coffee and 5 o'clock tea

Our lobby houses the Orientalist Café and is a great place to communicate. Here, you can either retreat to a cosy corner without interruption and enjoy a tasty drop in an intimate, peaceful setting, or get to know new people and forget your troubles. Here, you do not need to step outside to use your hookah pipe. An elegant, expansive smoking lounge awaits you.
